Dear Valued Customer:

Re: Annual Reporting Documentation

Please find enclosed your Annual Report Summary for wastes received from you by Burlington Environmental Inc's, Puget Sound treatment facilities during 1994. Note that only regulated hazardous wastes will be listed on this summary.

When reviewing the enclosed document, please check that:

1. Your company name is spelled correctly.
2. Your address as printed, (including the zip code) is the SITE address where the waste was generated, not your company mailing address.
3. The 12 digit EPA ID# is correct.
4. Manifest numbers are correct.
5. All hazardous waste shipments to Burlington Environmental are accounted for.
6. Weights are accurate to within 10% of your calculations.

If there are questions in reference to your report summary, please contact the representative for the receiving facility on your uniform hazardous waste manifest listed below:
